Looking at a CNC lathe with the Fanuc O-TA (1988) that has been sitting unused for awhile. When I went to inspect it, powered it up, and came up to "Not ready" and would not go beyond that. Guy that has it said it was working perfectly when it was last used several years ago. I really suspect that ...Have to admit, I have no time with this machine. The guy that usually runs it is out for a while. We have a program that has run before and was in the machine. Only thing I did was switch from T4 to T12 (new tool). The tool geom is listed as G1-G16, then the XZ values, then the T on the right. I ...CNC Lathe Repair-We can provide a full fanuc repair service on your CNC lathe or Colchester CNC Lathe Repairs.
