In this lesson, we will explore various reference materials that will allow you to increase your vocabulary. Common reference materials include dictionaries, glossaries, and thesauruses.

2014-12-11A reference group is a group that we compare ourselves to for the purpose of evaluating our behaviors. Learn more about the different types of reference groups from examples and test your ...

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.
