Activity Two: Goal Organizer. Then have students focus on Activity Two in the Study Skills: Setting Goals printable. Ask students to work in small groups to brainstorm five short-term goals (goals the class can meet today) that correspond with a priority. Next, each group can brainstorm goals for the month (medium-range) and the year (long-range). Use this Study.com lesson plan to teach your students about good social skills. Then use the powerful tool of role playing to allow students to practice and apply skills. Learning Objectives
